Andrew Millen
Senior Product Designer

EXPERIENCE

Senior Product Designer
OfficeSpace Software
Nov 2021 – Present

Oversee design and maintenance of the OSS design system, leveraging React and front-end experience to collaborate with engineers to review, publish, and document components; Work with multiple feature teams to take projects from one-pager, through research and wireframing, to high fidelity mockups.

Senior UI/UX Designer
Simple Focus
Oct 2015 – Oct 2021

Managed design team to oversee production of digital projects; Designed digital products, apps, and websites informed by research and content strategy and centered around usability; Developed front-end experiences in HTML, CSS, and React.

Product Designer
HelloHome (Freelance)
June 2017 – July 2018

Created user flows, design system, and individual UI mockups and screens for an end-to-end real estate sales platform; Worked directly with CTO, CEO, and engineering team to ensure usability and quality of final product.

Web Designer
Red Alloy Creative
Dec 2013 – Oct 2015

Led web design and development projects from discovery through deployment; Wrote HTML, CSS, and PHP on multiple CMS platforms; Employed copywriting and language skills to develop site architecture, content strategies, and brand voice guidelines; Utilized outside skills such as photography, animation, and 3D modeling on special projects.

Rhodes College
Memphis, Tenn.
English & Creative Writing (Cum Laude)
Sigma Tau Delta
May 2012

ABOUT ME

I'm a hybrid UI/UX designer with experience in front-end dev. I've done a little bit of everything, but my wheelhouse is building precise yet flexible design systems for digital products.

TOOL BELT

Figma
HTML/CSS
JS/React/Next
Miro
Adobe After Effects
Adobe Photoshop
Adobe Illustrator
Blender
